

Making an interlibrary loan (ILL) request using the forms in the Library

- Complete a pink form for journal articles, one form per article
- Complete a white form for books, conferences and theses, one form per item

Please ensure you complete all the relevant sections of the form.

You are required by law to sign a copyright declaration for each item you request.

Please ensure you sign the declaration on the front of the form.

We are unable to supply more than one article from a single journal issue at the same time (due to copyright), but we can obtain the complete issue for you to borrow.

Please make sure that the Library has your correct address to post the articles to you.
